# Wealth Growth Fund Categories

Paramind offers three investment categories, each designed to meet different financial goals and timelines. Higher investment tiers provide accelerated returns through our advanced AI algorithms.

| Category | Investment Range | Double Profit Time | Installments   |
|----------|------------------|--------------------|----------------|
| A        | \$60             | 7 Years            | 8 Installments |
| B        | \$180            | 6 Years            | 8 Installments |
| C        | \$480            | 5.5 Years          | 8 Installments |
| D        | \$900            | 5 Years            | 8 Installments |

Our AI technologies work more efficiently with larger capital pools, allowing us to offer accelerated timelines for higher investment categories while maintaining the same installment structure.

| No          | Double Profit      | \$60     | Category -A Time | Category -B Time | Category -C Time | Category -C Time |
| 1           | \$1                | x1       | 1 Month          | 1 Month          | 1 Month          | 15 Day           |
| 2           | \$2                | x1       | 12 Month         | 10 Month         | 10 Month         | 6 Month          |
| 3           | \$4                | x1       | 24 Month         | 20 Month         | 18 Month         | 12 Month         |
| 4           | \$4                | x1       | 36 Month         | 30 Month         | 28 Month         | 20 Month         |
| 5           | \$8                | x1       | 48 Month         | 40 Month         | 38 Month         | 30 Month         |
| 6           | \$16               | x1       | 60 Month         | 50 Month         | 48 Month         | 40 Month         |
| 7           | \$32               | x1       | 72 Month         | 60 Month         | 58 Month         | 50 Month         |
| 8           | \$53               | x1       | 84 Month         | 72 Month         | 66 Month         | 60 Month         |

Note: The "Profit (x1)" column shows the multiplication factor applied to your base investment unit of \$60. For example, a \$60 investment would receive \$1 in the first installment, while a \$900 investment (15 units) would receive \$15.

# 1. Direct Income

### ESANTIONS

## Income Policy Explanation

- Whatever package amount you purchase, you can earn **up to 20 times (20x)** of that amount.
- Once your package reaches its **20x earning limit**, it will be closed.
- To continue earning, you must **upgrade your package** again.
- You can upgrade with **any amount** you choose.
- Whatever amount you upgrade with, you will again be eligible to earn **20x income** of that package.

## Income Policy (Example in USD)

- Suppose you purchased a **\$100 package**.
  - You can earn up to **20x = \$2,000**.
- Once your \$2,000 income is completed, your package will be **closed**.
  - To continue earning, you must **upgrade your package**.
- Now, let's say you upgrade with a **\$500 package**.
  - On this, you can again earn **20x = \$10,000**.
- Similarly, if you upgrade with a **\$1,000 package**,
  - You can again earn **20x = \$20,000**.
